

Rewritable PDF Recommendation Forms for Independent Schools: Directions for Use

Important Information for Teachers and Administrators:

- Use Adobe Acrobat, the newer the version the better. Apple's Preview will work but it does not shade the areas to be filled in, making it less user-friendly. Adobe Reader will not work with these forms.
- You will eventually have to **print the form**, since you have to sign it (and see "**But**" below). Parents should give you stamped envelopes to mail the form to the appropriate school(s). Do not mail the forms to AISNE.
- We have tested the forms and they do work. If you cannot get them to work for you, please ask your IT folks for help. AISNE cannot provide assistance with using the forms.
- The "School Administrator" form for Grades 6-12 presents a problem in that it requires a parent signature on the first page and you must have that signature before sending the form to anyone. I think many schools may have a kind of blanket release form that they have parents sign; that might obviate the need for having a signature on this "Administrator" form.

Here's how to use these forms:

- Download the appropriate recommendation form, (e.g., Math Grades 6-12) to your hard drive. Or the school's Admissions Office emails the form to you.
- Make at least one copy of the blank form for future use. Be sure to always have a blank form.
- Open the form in **Adobe Acrobat**, do "Save As" immediately with student name and then fill in the shaded areas of the form.
- With the tables, simply click on the appropriate box and enter "X." The tables also allow for comments in the box to the right.
- When you're done, save and print, then sign and mail to the school.

BUT (Circling), except for the PreK-Grade One Form, each recommendation has a section (II or III) called "Character and Personality Traits" or "Social/Emotional Development," in which the table has different words already in the boxes ("consistently," "average," "excellent" etc.) and you are asked to circle one. There are two ways to do the circling:

- Simply do this by hand after you have printed the form. Be sure to keep a hard copy of each student's form, so you'll remember what you circled.
- If you are Acrobat-savvy, you can use the oval tool (Mac = Tools > Comment and Markup > Oval Tool; PC = View>Comment>Drawing Markups>Circle Icon) to circle the word. Mac Preview has a similar function. You will still have to print in order to sign and mail the form, so doing it by hand might be the easiest way to do this.
